

Cleaning for Oxygen Service

SKU: O2-CLEAN

Price: ?0.00

Description

Oxygen cleaning services are available at \$125.00 per hour for parts and labor. For a quote, please call Nuvair at 1-805-815-4044. Some equipment and components are incompatible with the oxygen service cleaning process. As an example, brass and stainless steel components are acceptable for oxygen cleaning; steel parts are not. Some small parts only take minutes to clean while a compressor or booster will take several hours. Please call us for details and pricing.
