## Description

[Coltri Oil ST 755](#) is the replacement for Coltri Oil CE 100.

## Archival Specifications

Coltri CE 100 Oil is a totally synthetic oil, specially created for lubrication of the MCH36 high-pressure breathing air compressor. Coltri CE 100 Oil does not form sludge, lacquers or encrustations. Its high lubricating power reduces compressor wear. The high resistance to high temperatures and to oxidation enables Coltri CE 100 Oil to develop minimal CO (carbon monoxide) and CO<sub>2</sub> (carbon dioxide). Its use offers more safety, thanks to the absence of carbon deposits and to the very high self-ignition point

Warning **WARNING:** Never use motor oil in a compressor.
