

# Hankison E7-24 Filter Element

**SKU:** E7-24

**Price:** ?203.50

## Description

## Features

Withstands temperatures to 150°F (66°C)

Push-on elements provide simple replacement

Piston type seals keeps unfiltered air from bypassing element

Stainless steel, corrosion resistant inner and outer core

> Low resistance to flow

> Seam welded durability

Matrix blended fiber media

> Large, effective surface area ensures high efficiencies and minimizes pressure drop

Coated, closed cell foam sleeve

> Resists chemical attack from oils and acids

> Ensures high efficiencies by preventing re-entrainment of coalesced liquids

Chemically resistant end caps

Silicone free

## Specifications

**Model Size** 20

**Filter Element Grade** 7: Air Line

**Model** E7-24

**Stainless Steel Element** NO

**Flow Rating** 60 SCFM

<b>Design Temp</b>	150°F
<b>Weight</b>	0.4 lbs

## **Hankison OEM/Distributor**

Nuvair offers authentic parts and equipment manufactured by SPX Flow Hankison®. Beware of inexpensive aftermarket imitations labeled as "replacement," "OEM equivalent," "compatible," or "alternative," as they are not made by SPX Flow Hankison. Due to size, weight, specific requirements, or customer demand, some Hankison products may not be available for online purchase, and others may have extended lead times. To confirm compatibility with your existing equipment or to ensure the product meets your needs, please [contact the Nuvair Sales Team](#) for ordering assistance by email or phone.
