

Four Whip Non-Regulated Paintball Fill Panel

SKU: PN4-NR

Price: ?1,404.00

Description

The PN4-NR fill panel includes:

- Stainless steel housing and tubing
- (1) Fill pressure gauge
- (4) Toggle valves with line pressure releases
- (4) Rubber weights on fill hoses
- Dimensions: 50×12×12 in (127×30×30 cm). Weight:

The PN4 is also available in regulated and fully regulated versions ([see SKU PN4 / PN4R](#)). See our [Paintball Accessories Page](#) for hoses and fill adapters that can be used with our station.

All paintball fill panels are custom-made. Please [contact](#) the sales team for estimated lead times.

Please Note: Fill panels are a gas management tool. Fill panels do not generate compressed air. A source of compressed air is required to fill tanks.
