

Haskel AAD-2 Double Acting, Single Stage Air Amplifier

SKU: AAD-2

Price: ?3,489.00

Description

The AAD Series of double acting, single stage air amplifiers offer the following benefits:

- Efficient means of increasing air pressure
- Pressure outputs up to 300 psi (20 bar)
- Maximum outlet pressure area ratio + supply pressure
- Pump twice volume per cycle of AA range
- Requires less air drive since the inlet air pressure itself provides a substantial portion of the driving force

Specifications

SKU	Drive Size in (mm)	Max Air Drive psi (bar)	Ratio	Max Inlet psi (bar)	Max Outlet psi (bar)	Displ/Cycle in ³ cu in (nL)	Max Cycles per Minute
AAD-2	5.75 (146)	150 (10)	2:1	300 (20)	300 (20)	201 (3294)	80

Haskel's air pressure amplifiers are powered by the same air they amplify, resulting in long life and easy maintenance.

- Long seal life and easy maintenance
- No heat, flame or spark risk
- Wide range of models, controls, and options
- No air-line lubrication required eliminating oily exhaust
- Infinitely variable outlet pressure and flow capability
- Wide range of standard and custom systems
- Control of maximum pressure by means of inexpensive air drive pressure regulators

Haskel OEM/Distributor

Nuvair offers authentic parts and equipment manufactured by Haskel® International, an Ingersoll Rand Business. Beware of inexpensive aftermarket imitations labeled as "replacement," "OEM equivalent," "compatible," or "alternative," as they are not made by Haskel International. Due to size, weight, or specific requirements, some Haskel products may not be available for online purchase, and others may have extended lead times. To confirm compatibility with your existing equipment or to ensure the product meets your needs, please [contact the Nuvair Sales Team](#) for ordering assistance by email or phone.
