

Hankison HF11 Air Filter Mechanical Separator | HF11-36-12-L

SKU: HF11-36-12-L

Price: ?1,845.74

Description

Filter System Specifications

Product Type	HF Filter
Model	HF11-36-12-L
Model Size	36 (375 SCFM @ 100 psi)
Flow Rating	375 SCFM (11m ³ /min)
Connection Size	12: 1-1/2 in NPTF
Design Pressure	250 psi
Design Temperature	150°F
Height	27 in
Width	6 in
Weight	11.3 lb
Certification	None
Filter Grade	11: Mechanical Separator
LLI Option	L: Liquid Level Indicator
Drain	0: Plugged or Manual Drain

HF Series Features

Modular Housings

- > Manufactured with top quality aluminum, zinc, and steel
- > Chromated and epoxy powder painted (interior and exterior) for added durability and corrosion resistance
- > 300 psi (21 bar) maximum working pressure (tested to a 5:1 safety factor)

Liquid Level Indicator (LLI)

- > Allows visual monitoring of liquid level and signals the need for preventative maintenance
- > Manufactured from thermoset polyurethane, compatible with synthetic lubricants

Standard Manual Drain

- > Condensate drained manually through clockwise adjustment

Easy to Install

- > Modular connections allow housings to be connected in a series easily, while saving space
- > Optional wall mounting bracket
- > Can be mounted for left or right entry
- > New space saving design reduces service clearances

Easy to Maintain

- > 1/4 turn, self locking bayonet head to bowl connection (through 1 in)
- > Push on elements make element replacement quick and easy
- > Captive O-ring
- > Ribbed bowls allow use of C spanner
- > Color coded elements for easy identification

Hankison OEM/Distributor

Nuvair offers authentic parts and equipment manufactured by SPX Flow Hankison®. Beware of inexpensive aftermarket imitations labeled as "replacement," "OEM equivalent," "compatible," or "alternative," as they are not made by SPX Flow Hankison. Due to size, weight, specific requirements, or customer demand, some Hankison products may not be available for online purchase, and others may have extended lead times. To confirm compatibility with your existing equipment or to ensure the product meets your needs, please [contact the Nuvair Sales Team](#) for ordering assistance by email or phone.
