

HF OCA 40,000 cu ft Hyper Purifier 5000 psi

SKU: HF-961-131-F

Price: ?4,703.50

Description

Polishing clean gases to ultra pure levels (up to 99.99%) requires equipment designed to those standards. The Hyper Pure filter system meets the demands of applications such as very pure laboratory gases, blending gases, oxygen compatible air (OCA), and anywhere that zero air* might be required. Hyper Pure is a sensible and simple way to process these gases.

Specifications

Description	HF Type Hyper Purifier (5000 psi)
Rating	5000 psi (345 bar)
Flow Rate	12 SCFM (340 L/min)
Cartridge Capacity	40,000 cu ft
Replacement Cartridges	X96677 & X96337 (linked below under Related Products)
Seal Kit	SK-535306-BB
Construction of Cartridge Holder	Aluminum with bronze hard anodized
Dimensions	18 in H × 38 in W × 5 in D
Shipping Weight	68 lb
Clearance	Allow 29 in overhead clearance for filter cartridge changes
Warranty	One year

* Specific to the HF series of purifiers, "zero air" is defined as specially polished Grade E air that contains less than 0.1 ppm of hydrocarbon impurities. It is usable in mixing with pure oxygen or other gases.
