Description

Thermo OEM/Distributor

Nuvair offers authentic parts and equipment manufactured by Thermo cylinder valves/manifolds. Beware of inexpensive aftermarket imitations labeled as "replacement," "OEM equivalent," "compatible," or "alternative," as they are not made by Thermo, an XS Scuba company. Some products may not be available for online purchase and others may have extended lead times. To confirm compatibility with your existing equipment or to ensure the product meets your needs, please [contact the Nuvair Sales Team](#) for ordering assistance by email or phone.
