

Anfield Pressure Switch 25-150 psi

SKU: SPA-3-2M-C-FL

Price: ?51.78

Description

Features

- Snap action pressure switch
- Factory set or field adjustable
- Compact size
- Cost effective

Applications

- Pneumatic system control
- Low pressure filter monitoring
- Car washes
- Gate control

Specifications

Pressure Range	25–150 psi (1.7–10 bar)
Switch Type	Snap Action
Protection	DIN 43650A (18 mm): IP65 Spades: IP00 Flying Lead: IP64 Flying Lead with CA/CS: P67
Thread Option	1/8 MNPT
Circuit	SPDT

Electrical Termination	Flying lead 18" long, 18 AWG
Electrical	5A [12/24 VDC, 125 VAC] or 3A [250 VAC]
Ambient Temperature Range	-40°F to 180°F (-40°C to 82°C)
Media Temperature Range	Nitrile: -20°F to 180°F (-29°C to 82°C)
	Viton: 23°F to 248°F (-5°C to 120°C)
	HNBR: -20°F to 248°F (-29°C to 120°C)
	EPDM: -20°F to 248°F (-29°C to 120°C)
Mechanical Range	1,000,000 Cycles @ 75 psi (5.2 bar)
Maximum Overpressure	350 psi (24 bar)
Repeatability	±2% of full set point range at 20°C (68°F)
Differential	6–20% of setting
Weight	0.26 lb (0.12 kg)
