## Note to Customers

Depending on the age and type of your Coltri compressor, there are different versions of this same part number in stock at Nuvair that have complex variations that make the replacement part difficult to identify. For this reason, and while different versions of 13-00-0505/N/R are in stock and ready to ship, we do not offer this part for sale online for this reason. If you find that you required this replacement part, we ask that you consult our publication posted under "Technical" tab (above) first. Second, please take photos of your auto drain assembly and the serial number plate of your compressor. Third, [contact the Nuvair sales team](#) for ordering assistance by email, making sure to attach the requested photos. Please **do not connect with us via chat** as it is an ineffective

communications method for parts identification like this.
