

Traveler LP Open Scroll • No Frame

SKU: 7051.1-LP-SCROLL

Price: ?0.00

Description

Features

- Coaire 5 hp oilless scroll compressor rated at 10.3 CFM (291 L/min)
- Electric fan-cooled air aftercooler
- Nuvair LP membrane system rated:
 - 40% O₂ @ 6 CFM (170 L/min)
 - 36% O₂ @ 7.5 CFM (212 L/min)
 - 32% O₂ @ 10 CFM (280 L/min)
- 110-220V heater with thermostatic control
- BP regulator gauge
- Static mixing tube and air intake filter
- Inline Pro O₂ oxygen analyzer
- Nitrox intake hose and connections
- Hankison 16 Series LP filtration
- HP-LP regulator and reducer for O₂ analyzer
- Vertical wall mount motor control box
- 9 gallon floor mount volume tank with auto drain
- Digital hour meter

Specifications

208-230V / E1 / 60 Hz*

26.5A

SKU 8051.1-LP-SCROLL

Maximum Operating Pressure

150 psi (11 bar)

Operating Pressure	90-150 psi (6-11 bar)
Membrane Supply Air Volume	4-16 CFM (113-453 L/min)
Membrane Optimum Temperature	110° ±5°F (43° ±3°C)
Power - Electric	5 hp (3.7 kW)

*Inquire about 50 Hz products.

A high pressure compressor, such as the MCH6, is required.
